Projects

Portfolio Website :-

Technologies Used:

HTML, CSS, JavaScript

Description:-

Designed and developed a responsive personal portfolio website to showcase projects, skills, and contact info.

Implemented smooth navigation, interactive elements, and clean UI design.

Optimized for various screen sizes to ensure a professional online presence.

Weather App :-

Technologies Used: -

HTML, CSS, JavaScript, OpenWeatherMap API

Description:-

Built a real-time weather forecast web app that fetches data based on city input.

Displays current weather, temperature, humidity, and a 5-day forecast.

Includes error handling and dynamic background visuals based on weather conditions.

Task Manager App :-

Technologies Used:

HTML, CSS, JavaScript

Description :-

Created a to-do list app that allows users to add, edit, delete, and filter tasks.

Utilized browser localStorage to persist data between sessions.

Features a responsive and user-friendly interface for task management.
